Chairman's Report:

- Continuing good attendance at the Creg meetings, 14 on the 24th of April. The May meeting is being brought forward to 15th May because of the TT.
- Good turnout at the "Testing Night" on the 30th April with potential new members attending and equipment kindly donated to the club.

Talkin for Ballasalla meetings:

Nobody has used this option recently and it has been increasingly difficult to find somebody to operate the station however John GD0TFG has agree to take up the service again.

Loan Equipment:

Items which can be loaned to the membership will now start appearing on the club website. However, there may be a slight delay as some items which have not been used for years will need testing before going out.
